

BEF Youth Action Group

The BEF Youth Action Group is being set up to allow the Member Bodies to engage with young people from a variety of different Equestrian sports and backgrounds. It will be a sounding board for new initiatives as well as improving current procedures. The group will be given specific objectives and will need to work together as a team to meet them.

A member of the Youth Action Group needs to be:

- Able to work as part of a team.
- Be able to look objectively at all equestrian sports
- Be able to attend two meetings per year in Warwickshire, for which there is help towards travelling expenses.
- Good at listening to other people's views and be able to give your own.
- Be able to work logically and methodically through problems
- Good time management skills.

If you think that you would make a great ambassador for Equestrian sports please apply in writing to kdowning@rda.org.uk stating why you think you have the right skills to be part of this group.
