

ACTIVE together

Return to Riding programme

In February 2011 Active Together ran a Return to Riding course at Witham Villa riding Centre for beginners and improvers.

The course was set up to provide a non-mainstream sport to adults and to offer adults the chance of doing horse riding at an affordable cost.

Active Together subsidised the cost of sessions so reduced the session price from £18 to £12 per session. The course was a huge success with 75 attendances over a 6-week period.

Active Together have decided to run the course again and is currently going very well in its second week.
