They have run lots of successful “Get Back Into” courses with various equestrian clubs around the county

- They can support clubs by paying the club/instructor £15 per person per session.
- Numbers range from 8-15 on courses depending on capacity of club. They have worked with/planning to work with Pine Lodge, Woodland Park, Eden Meadows and Croft Farm.
- Exit routes have been mixed, with numerous people continuing through private lessons, and one guy even bought a horse!

Team Beds and Luton have supported “Get Back Into” programme. They have a strong delivery focus in the rural areas (Central Bedfordshire) where they know a lot of equestrian centers are based. They are very keen to work with riding schools etc. who would like to offer sessions as part of the Get Back Into programme. They are currently running a very successful GBI show jumping project with Keysoe Riding centre with over 40 participants through the last programme.

Contact for “Get Back Into” is Graham Simpson: Graham@teambedsandluton.co.uk

Following the last meeting LIVING SPORT contacted all those people that expressed an interest in the Sportivate programme by sending through more detailed information. This included LIVING SPORT's lead officer's contact details and an encouragement to the equestrian centres to make contact with LIVING SPORT to develop the opportunities further. Out of this, Monarch Farm, Hilton is working up a project application which will hopefully see 10 new participant experiencing riding out of the centre with funding support from the programme.

In addition to this Fenland Equestrian Centre have been into LIVING SPORT Offices to meet with all the team there and to look at how we would be able to support the development and links that they are looking to make once their new facility had been establish. Following this meeting LIVING SPORT was happy to provide a letter of support for their grant application, adding weight to the case for funding.
